Christine Hafermalz -Wheeler

*jewellery, like no  
other you will ever wear...*

18 years after arriving in New Zealand and settling in Titirangi, we are delighted to announce the relocation of Christine's jewellery studio to the fabulous **Waiheke Island**.

Now located at **5/143 Ocean View Road in Oneroa** (*downstairs, behind Harcourts*), The Artist Goldsmith offers a new and exciting attraction for residents of, and visitors to, the Island.

Here, you can view the wonderful creations of Christine's imagination, discuss the making of a special piece, be advised on how to rework existing jewellery or just enjoy watching a Master Goldsmith at work!

The space is very 'soft,' much like a living room and a warm welcome awaits you and your friends.

A phone call will ensure our presence: **09 817 2098**
